

Barbara was the third child of seven children of Ardell & Dean Clyde of Heber, Utah. They were in the sheep business and the family spent summers at the sheep range at Wolfcreek. Many happy times and memories were shared there in the beautiful high country.

Barbara graduated from B.Y.U. with a Bachelor's Degree in Elementary Education. She has been teaching 38 years and the majority of this time in Wasatch. She loves music and comes from a musical family. She played trumpet in high school and in the B.Y.U. Band and also was in an "All Girl's Orchestra," which helped pay her way through college.

Eldon D. Allred became her husband just two weeks before World War II and during the war years they spent time in California and Kansas where he was stationed. They have two children, Brent Allred and Annette Allred Probst, and 7 grandchildren.

Barbara and her husband owned U-Bar Guest Ranch in the High Uintas in Eastern Utah for 17 years. They had a thriving business and spent each summer working together; taking guests fishing and hunting. They met many interesting and lasting friends from all parts of the United States.

Since selling the ranch, during the summer months, she and her husband have joined "Tour Groups" to interesting places. The summer of 1982 took them to Hong Kong and China for three weeks.

In 1972, she was one of the teachers chosen for "Outstanding Elementary Teachers of America." She was awarded "Teacher of the Day" from KSL in 1975. In 1982, Congress of Utah P.T.A. made her an honorary lifetime member for distinguished and devoted service to youth. The last six years she has been working with the Gifted and Talented Program. She was trained in Alabama and Kentucky and has helped pioneer the program in this area. She has taught in all the church auxiliaries and is currently teaching at J.R. Smith Elementary School.
